

Akito Murayama - Curriculum Vitae

March 27, 2021

Akito MURAYAMA (Age: 44)

Associate Professor

Ph.D. in Urban Engineering (2004, The University of Tokyo)

Department of Urban Engineering, School of Engineering, The University of Tokyo

Room 1102, School of Engineering Building 14
7-3-1 Hongo, Bunkyo-ku, Tokyo 113-8656 Japan
Phone: +81-3-5841-6370 Fax: +81-3-5841-6264
E-mail: murayama@up.t.u-tokyo.ac.jp
Web Site: <http://up.t.u-tokyo.ac.jp/%7Emurayama/>

I. Overview

Akito Murayama is Associate Professor of Urban Planning at Department of Urban Engineering, School of Engineering, The University of Tokyo. After graduating from Department of Urban Engineering, School of Engineering, The University of Tokyo in 2004, he has worked as Project Researcher at Center for Sustainable Urban Regeneration, The University of Tokyo for two and a half years. From October 2006 to March 2014, he has worked as Associate Professor at Graduate School of Environmental Studies, Nagoya University. From April 2014, he is working at the University of Tokyo.

He received City Planning Institute of Japan Paper Encouragement Award in 2004 (City Planning Institute of Japan) for his Ph.D. thesis, Landscape Installation Award in 2013 (Nihon Mokuzai Seisounen Dantai Rengokai 16th Wood Utilization Contest) for Nishiki 2 Street Wood Deck Project and Literature Award in 2015 (Japan Association for Human and Environmental Symbiosis) for the co-authored book on urban and regional sustainability assessment. Co-authored books in English include "Living Cities in Japan: Citizens' Movements, Machizukuri and Local Environments" (Routledge, 2007), "Innovations in Collaborative Urban Regeneration" (Springer, 2009), Urban Resilience - A Transformative Approach" (Springer, 2016), "Towards the Implementation of the New Urban Agenda: Contributions from Japan and Germany to Make Cities More Environmentally Sustainable" (Springer, 2018), "(re)Penser la ville du XXIe siècle - 20 ans d'écoquartiers dans le monde" (Dunod, 2019) and "Urban Systems Design: Creating Sustainable Smart Cities in the Internet of Things Era" (Elsevier, 2020).

He teaches land use planning for undergraduate students, urban planning theory for graduate students and planning studios for both undergraduate and graduate students.

He also participated in planning and community development practices including Nagoya City Master Plan (2011 and 2020), Low Carbon City Nagoya Strategy Action Plan (2011), Nagakute City Kouennishi Station Area Low Impact Development Master Plan (2013), Shizuoka City Master Plan (2016), Yokosuka City Master Plan (2016) as well as community-driven initiative in Nishiki 2 District in Nagoya City. In Nishiki 2 District, he has taken a lead in developing Nishiki 2 District Vision (2011), applying to Nagoya City Low Carbon Model District (2015) and managing community-led low carbon projects.

II. Fields of Specialization and Academic Experiences

Fields of Specialization

Urban Planning, Urban Design (as Public Policy), Community Development
In particular, Planning Methodology (Procedure and Technique)

Academic Background

- 2004.3 Completed Doctoral Course, Department of Urban Engineering, School of Engineering, The University of Tokyo
- 2001.3 Completed Master Course, Department of Urban Engineering, School of Engineering, The University of Tokyo
- 1999.3 Graduated from Department of Urban Engineering, School of Engineering, The University of Tokyo
- 1995.3 Graduated from Seibu Gakuen Bunri High School

Work Experiences

- 2014.4- Associate Professor, Department of Urban Engineering, School of Engineering, The University of Tokyo
- 2014.4-2015.9 Part-time Lecturer, Nagoya University
- 2006.10-2014.3 Associate Professor, Department of Environmental Engineering and Architecture, Graduate School of Environmental Studies, Nagoya University
Department of Civil Engineering and Architecture, School of Engineering, Nagoya University
- 2011.6-2014.3 Associate Professor, Disaster Mitigation Research Center, Nagoya University
- 2013.3-2013.9 Part-time Lecturer, School of Creative Science and Engineering, Waseda University
- 2007.4-2008.3 Special Researcher, Nagoya Urban Institute
- 2004.4-2006.9 Project Researcher, Center for Sustainable Urban Regeneration, School of Engineering, The University of Tokyo

Membership of Academic and Professional Societies

The City Planning Institute of Japan
Architectural Institute of Japan
Association of Urban Housing Sciences
Japan Society of Lifology
EcoDistricts
EcoUrbanism Research Network <https://ecourbanismresearchnetwork.com>
Japan Society of Urban and Regional Planners
Japan Urban Design Institute
National Area Management Network
Association for Business Innovation in harmony with Nature and Community
Green-Infra Platform
International Alliance for Sustainable Urbanization and Regeneration (as UTdUE)

III. Publications and Presentations in English

Publications and Presentations in Japanese are included in the Japanese version:
http://up.t.u-tokyo.ac.jp/%7Emurayama/profile/murayama_profile.pdf

Books

1. Akito Murayama: Institutional Instruments for Urban Systems Design – from the Planner's Perspective, Yoshiki Yamagata and Perry Yang eds.: Urban Systems Design: Creating Sustainable Smart Cities in the Internet of Things Era, Elsevier, 2020
2. Makoto Yokohari, Akito Murayama and Toru Terada: The Value of Grey, Takashi Mino and Shogo Kudo eds.: Framing in Sustainability Science: Theoretical and Practical Approaches, pp.57-96, Springer, 2020, https://doi.org/10.1007/978-981-13-9061-6_4
3. Akito Murayama: Le projet Nishiki 2 low-carbon District, Nagoya, Japon, Cedissia About, Claire Doussard and Meg Holden eds.: (re)Penser la ville du XXIe siècle - 20 ans d'écoquartiers dans le monde, Dunod, pp.111-121, 2019
4. Akito Murayama: Reconsidering Urban Planning Through Community-based Initiatives, Bernhard Müller and Hiroyuki Shimizu eds.: Towards the Implementation of the New Urban Agenda: Contributions from Japan and Germany to Make Cities More Environmentally Sustainable, Springer, pp. 223-233, 2018, https://doi.org/10.1007/978-3-319-61376-5_18
5. Akito Murayama: Urban Landscape: Urban Planning Policies and Institutional Framework / Nobuko Kawaguchi and Akito Murayama: Urban Planning: Is a Networked Compact City Vision Realistic?, Hiroyuki Shimizu, Chika Takatori and Nobuko Kawaguchi eds.: Labor Forces and Landscape Management: Japanese Case Studies, Springer, pp. 61-71/pp.373-380, 2017, <http://doi.org/10.1007/978-981-10-2278-4>
6. Akito Murayama: Land Use Planning for Depopulating and Aging Society in Japan, Yoshiki Yamagata and Hiroshi Maruyama eds.: Urban Resilience - A Transformative Approach, Springer, pp.79-92, 2016, <http://doi.org/10.1007/978-3-319-39812-9>
7. Hiroyuki Shimizu, Akito Murayama (eds): Basic and Clinical Environmental Approaches in Landscape Planning, Springer, 2014.2, <http://doi.org/10.1007/978-4-431-54415-9>
8. Junichiro Okata, Akito Murayama: Tokyo's Urban Growth, Urban Form and Sustainability, Andre Sorensen and Junichiro Okata eds.: Megacities: Urban Form, Governance, and Sustainability, Springer, pp.15-41, 2011, <http://doi.org/10.1007/978-4-431-99267-7>
9. Akito Murayama: Toward the Development of Plan-Making Methodology for Urban Regeneration, Masahide Horita and Hideki Koizumi eds.: Innovations in Collaborative Urban Regeneration, Springer, pp.15-29, 2009, <http://doi.org/10.1007/978-4-431-99264-6>
10. Tetsuo Kidokoro, Akito Murayama, Kensuke Katayama, Norihisa Shima: New Directions in Urban Regeneration and the Governance of City Regions, T. Kidokoro, N. Harata, L. P. Subanu, J. Jessen, A. Motte, E. P. Seltzer eds.: Sustainable City Regions: Space, Place and Governance, Springer, pp.3-22, 2008, <http://doi.org/10.1007/978-4-431-78147-9>
11. Akito Murayama: Civic movement for sustainable urban regeneration: downtown Fukaya City, Saitama prefecture, Andre Sorensen, Carolin Funck eds.: Living Cities in Japan: Citizens' Movements, Machizukuri and Local Environments, Routledge, pp.206-223, 2007, <http://doi.org/10.4324/9780203961728>

Reports and Booklets

1. Hiroyoshi Morita, Akito Murayama, Yasutoshi Sasaki: Connecting Public Spaces and Basins with Wood, The City at Eyelevel Asia, pp.294-298 < https://issuu.com/stipoteam/docs/cael_ebook_def_single-pages>
2. Claudia Cassatella and Akito Murayama eds: Planning for the global urban agenda. Shaping ecodistricts in Tokyo suburbs, Politecnico di Torino, 2018, <http://hdl.handle.net/11583/2712031>

Refereed Papers

1. Junya Yamasaki, Norihiro Itsubo, Akito Murayama, Ryoichi Nitani: Eco-efficiency assessment of 42 countries' administrative divisions based on environmental impact and gross regional product, City and Environment Interactions, 2021 (In Press) <https://doi.org/10.1016/j.cacint.2021.100061>
2. U Hiroi, Akito Murayama, Yoshihiro Chiba, Hisashi Komatsu, Masafumi Mori, Keiichi Yamada, Masato Yamazaki and Nobuo Fukuwa: A Proposal of Multi-Scale Urban Disaster Mitigation Planning that Takes Regional Issues into Consideration, Journal of Disaster Research, Vol.10, No.5. pp.887-899, 2015, <http://doi.org/10.20965/jdr.2015.p0887>
3. Mari Watanabe, Akito Murayama: Reclaiming Urban Streets: Comparative Analysis of Planning Process, Cost and Technical Standards of "Parklets" in San Francisco and Los Angeles, Journal of Sustainable Urbanization and Regeneration: Selected Papers from IASUR Conference 2014, pp.133-144, 2015, ISSN: 21898359
4. Ayyoob Sharifi, Yoshihiro Chiba, Kohei Okamoto, Satoshi Yokoyama, Akito Murayama: Can master planning control and regulate urban growth in Vientiane, Laos?, Landscape and Urban Planning, Volume 131, November 2014, pp.1-13, <http://doi.org/10.1016/j.landurbplan.2014.07.014>
5. Ayyoob Sharifi, Akito Murayama: Neighborhood Sustainability Assessment in Action: Cross-Evaluation of Three Assessment Systems and Their Cases from the US, the UK, and Japan, Building and Environment, vol.72, pp. 243-258, February 2014, <http://doi.org/10.1016/j.buildenv.2013.11.006>
6. Ayyoob Sharifi, Akito Murayama: Viability of Using Global Standards for Neighbourhood Sustainability Assessment: Insights from a Comparative Case Study, Journal of Environmental Planning and Management, January 2014, <http://doi.org/10.1080/09640568.2013.866077>
7. Ayyoob Sharifi, Akito Murayama: A critical review of seven selected neighborhood sustainability assessment tools, Environmental Impact Assessment Review, no.38, pp.73-87, 2013, <https://doi.org/10.1016/j.eiar.2012.06.006>
8. Ayyoob Sharifi, Akito Murayama: Changes in the traditional urban form and the social sustainability of contemporary cities: A case study of Iranian cities, Habitat International, vol.38, April 2013, pp.126-134, 2013, <https://doi.org/10.1016/j.habitatint.2012.05.007>
9. Ayyoob Sharifi, Itsuki Nagata, Akito Murayama: The potential of "CASBEE for urban development" for delivering sustainable communities: A case study from the "Koshigaya Lake Town" planning experience, Journal of International City Planning (2012), pp.703-713, 2012
10. Elnaz Sarkheyl, Ayyoob Sharifi, Mojtaba Rafeian, Mohammad reza Bemanian, Akito Murayama: An investigation of the reasons for non-compliance with FAR regulations in Tehran, Cities, vol.29, no.4, pp.223-233, 2011

Courses Online

1. edX course on "Sustainability Science - A Key Concept for Future Design" (Joint Work), 2017 <https://www.edx.org/course/sustainability-science-key-concept-utokyo-utokyo006x>
2. Global Course on Institutional Design and Spatial Planning, 2018
Lecture 10 "Introduction to Urban Land Use Planning in Japan"
<http://globalcourse.inplanning.eu>

Presentations

1. Akito Murayama: Community-based Urban Regeneration: A Case of Nishiki 2 District, Nagoya City, Japan, MUS International Lecture Series 2021 "Urban Regeneration Strategies powered by MUS x UDDC-CEUS, March 18, 2021
2. Akito Murayama: Smart City and Urban Planning Challenges, GCP Workshop: ZeroCarbon x Digital: Urban Decarbonization in the Post-Covid-19 Era, Session 2: New urban planning approaches for designing future zero carbon, December 15, 2020
3. Akito Murayama: The Potential Impacts of COVID-19 on "Social Distancing Sensitive" Urban and Regional Structures, International e-Conference on Pandemics and Transport Policy, Session 10 - Nationwide Policy Responses, December 11, 2020

4. Akito Murayama, Tatsuyuki Kimura, Yu Matsumura, Saki Hisatsune, Takahiro Yamazaki, Noriko Akita, Rikutarō Manabe and Hideki Koizumi: Spatial Planning and Design for Tokyo's Agri-Residential Mixed Neighborhoods, 2020 IALE-North America Annual Meeting Virtual Remote Conference, May 11-14, 2020
5. Yushi Yoshida, Shigehisa Matsumura, Akito Murayama and Tetsuo Kidokoro: New Planning Framework for Promoting TOD in Emerging Countries: Empirical Studies in Southeast Asian Cities by Utilizing "TOD Solution Matrix", 2019 International Conference of Asia-Pacific Planning Societies, August 22-24, 2019, University of Seoul, Seoul, Korea
6. Shaila Islam, Istiaque Ahmed, Rikutarō Manabe and Akito Murayama: Pedestrianization Challenges Around Future Transit Oriented Development Area in Dhaka, Bangladesh, Livable Cities Conference, August 12-13, 2019, Adelaide Convention Centre, Adelaide, South Australia
7. Akito Murayama and Akiko Iida: Agenda for Urban Farmland Conservation and Green Infrastructure Development in a Sprawled Suburban City in Tokyo, Japan, The 10th International Association for Landscape Ecology Congress (IALE 2019), July 5, 2019, Università degli Studi di Milano-Bicocca, Milan, Italy
8. Yuri Akizuki with Akito Murayama and Rikutarō Manabe: "Temporary Places" in Communities Formed by Mobile Retailers: A Case of COOP Associations in Japan, The Second International Conference of International Association of Sustainable Urbanization and Regeneration, March 29-31, 2019, Xi'an University of Architecture and Technology, Xi'an, China
9. Akito Murayama: Building Ecodistricts in Existing Urban Area: Nishiki 2 Low-Carbon Community Development Project in Japan, The Second International Conference of International Association of Sustainable Urbanization and Regeneration, March 29-31, 2019, Xi'an University of Architecture and Technology, Xi'an, China
10. Perry Yang with Yoshiki Yamagata, Akito Murayama and Kanae Matsui: Transforming the Social and Ecological Landscape of an Innercity Neighborhood: A Test Case of Tokyo's Kyojima Smart City Project, Great Asian Streets Symposium (GASS) 2018 and Pacific Rim Community Design Network "Emerging Civic Urbanisms / Designing for Social Impact", December 14-16, 2018, National University of Singapore
11. Akito Murayama: Various Types of Research-Practice Interface in Urban Planning and Community Development, International Conference "Implementing the United Nations' Urban Agenda. Universities in Action", May 25, 2018, Room 10V, Castello del Valentino, Torino
12. Akito Murayama: Prospects and Challenges for Planning Green Smart Cities and Communities, Future Earth/Global Carbon Project International Workshop on "Towards Green Smart Cities in the IoT Era", March 19, 2018, Ito International Research Center, The University of Tokyo
13. Akito Murayama: "Compact City + Network" Urban Structure and the De-intensification of Suburban Residential Areas, 2nd Conference on Homes-uP - Single Family Homes under Pressure? November 16-17, Leibniz Institute of Ecological Urban and Regional Development (IOER), Dresden, Germany
14. Akito Murayama: Livable City Center in the Age of Linear Chuo Shinkansen: Prospects for Planning in Nagoya's City Center, Special Session 1: Livable City Development and High Speed Rail, 2017 International Conference of Asian-Pacific Planning Societies, August 25, 2017, Nagoya Congress Center
15. Akito Murayama: Urban Diversity and Transformation of Tokyo, Presented in The University of Tokyo Global Japan Studies Summer Program 2017 AN INQUIRY INTO JAPAN'S POSTWAR, August 1, 2017, Institute for Advanced Studies on Asia, The University of Tokyo
16. Akito Murayama: The Implementation of Municipal Low-Carbon City Strategy through Community Development in Existing Urban Area: The Case of Nagoya City and Nishiki 2 Low-Carbon Model District, International Conference "Urban Governance in the Network Society: France, Thailand and Japan", January 19-20, 2017, Rhone Department & Metropolitan Archives, Lyon, France
17. Akito Murayama: Experiences in Nishiki 2 District, Presented at Workshop Session: Opening Up the Black Box of Research-Practice, September 15, 2016, EcoDistricts Summit 2016 Research Forum, University of Denver
18. Akito Murayama: Urban Diversity and Transformation of Tokyo, Presented in The University of Tokyo Global Japan Studies Summer Program 2016 AN INQUIRY INTO JAPAN'S POSTWAR, August 27, 2016, Institute for Advanced Studies on Asia, The University of Tokyo
19. Akito Murayama and Hiroyoshi Morita: Assessing the community-based low-carbon initiatives in Nishiki 2 District, Nagoya City, Presented in Workshop on Practice and Research in Urban Sustainability Assessment, August 18, 2016, The University of Tokyo, organized by International Association for Impact Assessment Japan Branch, Global Carbon Project Tsukuba International Office and Japan Society of Urban and Regional Planners, supported by Urban Land Use Planning Unit, Department of Urban Engineering, School of Engineering, The University of Tokyo
20. Akito Murayama, U Hiroi and Yoshihiro Chiba: Development and Application of Web-based Geographical Information System to Assess Urban Resilience: Land Use and Infrastructure Planning for the Greater Nagoya Region, Japan, Presented in Workshop on Tools and Indicators for Assessing Urban Resilience, December 7-10, 2015, The University of Tokyo, organized by Global Carbon Project-Tsukuba International Office in Collaboration with NIES, APN, UGEC, WUDAPT and IR3S
21. Akito Murayama and Atsushi Shibata: The Recent Trend of Single-Family Residential Areas in the Shrinking Cities in Japan: Case of Yokosuka City, Kanagawa Prefecture, Presented in Project Homes-uP - Single Family Homes under Pressure? International Meeting Dresden 2015, November 23 and 24, IOER Dresden, Germany
22. Akito Murayama: Reconsidering Community-Based Urban Planning for a Sustainable and Resilient Future, Presentation at Japan-German Joint Seminar: Toward Sustainable and Resilient Urban Planning, September 8-9, 2015, Nagoya University Graduate School of Environmental Studies Lecture Hall
23. Akito Murayama: Community-based approach to climate change response and Disaster mitigation: Cases in Nagoya City, Presented in "GCP Workshop at Toyota High-level Symposium on Sustainable Cities", 15-16 January 2015, Hotel Toyota Castle, Toyota City, Japan
24. Akito Murayama: Land Use Planning for Climate Change Response and Disaster Mitigation, Presented in Workshop on Surprise Resilient Scenarios: Emergent Dialogue Approach, 1-4 November 2014, Hotel Moon Beach, Okinawa, Japan, organized by Global Carbon Project-Tsukuba International office in collaborations with X-Center Network and Japan Industrial Management Association
25. Mari Watanabe, Akito Murayama: Reclaiming Urban Streets: Comparative Analysis of Planning Process, Cost and Technical Standards of "Parklets" in San Francisco and Los Angeles, Proceedings of the First Conference of International Alliance for Sustainable Urbanization and Regeneration "Sustainable Society as Our Challenge", pp.511-520
26. Akito Murayama: Participatory Planning Approach to Link District, City and Region: Experiences in Nagoya, Japan, Workshop "Linking cities to regions: Exploring trans-scalar sustainable development processes", Chile-Japan Academic Forum at UTokyo, October 8, 2014, The University of Tokyo
27. Akito Murayama: Emerging Urban Form in the Age of Depopulation: Toward a New Planning and Management Approach, Public Symposium of Spatial Planning in Japan, 2014.9.15, Room 410, GB1, Faculty of Spatial Planning, TU Dortmund, Germany
28. Akito Murayama: Land Use Planning for Climate Change Response and Disaster Mitigation - Initiatives in Nagoya at Urban and District Scales -, National Institute for Environmental Studies Global Carbon Project Seminar, 2014.6.30, National Institute for Environmental Studies, Tsukuba
29. Akito Murayama: Reconsidering Automobile-Oriented Urban Form: The Recent Planning Policies in Nagoya City, Workshop on the Urban History of Britain and Japan: Envisioning the Motor City: A Comparison of Post-War Reconstruction in Birmingham and Nagoya, 2014.4.28, Lecture Hall, Graduate School of Environmental Studies, Nagoya University, Nagoya, Japan
30. Akito Murayama: Resilient Land Use and Urban Form for Climate Change and Disaster Mitigation, German Science Days in Kyoto "Research for Sustainable Development" Workshop 2 "Sustainable Urban Development in Times of Demographic and Climate Change", 2013.10.25, Kyoto University, Kyoto, Japan
31. Akito Murayama: Shaping the Contemporary Urban Environment of Nagoya City, The Japan

Foundation Japan-U.S.-Canada Curator Exchange Symposium "Identity in Architecture and Urban Design", 2013.10.18, Rakuunji Temple, Nagoya, Japan

32. Akito Murayama: Resilient Land Use and Urban Form for Demographic Change, Climate Change and Disaster Mitigation, Nagoya University Global COE Program "From Earth System Science to Basic and Clinical Environmental Studies" DFG (German Research Foundation) German Japan Joint Symposium: Sustainable Regional Planning for Shrinking Regions and Cities - Exchange of German and Japanese Studies -, 2013.10.3, Nagoya University, Nagoya, Japan
33. Akito Murayama: Achieving Citywide Planning Goals through Machizukuri: The Recent Low-Carbon Movements in Nagoya City, Japan, CCRR-2013: Climate Change and Regional Response - Impacts and adaptation strategies for public, commercial and private actors, 2013.5.28, The Westin Bellevue Dresden, Dresden, Germany
34. Akito Murayama and Ayyoob Sharifi: Integrating Planning and Assessment Methodologies: An Initial Step to Enhance Ecological Services and Biodiversity in Our Living Space, New Trend of Landscape Design 2: Enhancing Ecological Services and Biodiversity in Urban, Suburban and Rural Area, 2013.1.7, Nagoya University, Nagoya, Japan
35. Akito Murayama and Ayyoob Sharifi: Low-Carbon Strategy and Community Development in Nagoya, Japan: Case of Nishiki 2 District, a Fabric Warehouse District in Transition, EcoDistricts Summit 2011, Portland State University, Portland, Oregon, U.S.A.
36. Akito Murayama: Restoration of Urban Waterfront through Viaduct Removal, Center for Sustainable Urban Regeneration International Workshop: Next Step to Sustainable Urban Regeneration, 2007.9.3-5, The University of Tokyo, Tokyo, Japan
37. Akito Murayama, Katsunori Banno, Satoshi Ishii, Takefumi Kurose, Toshiko Sato: Toward the Integration of Brownfield Rehabilitation and Planning Methodologies: Case Study of Keihin Industrial Area, Tokyo, Japan, Proceedings of Brownfields 2006: Third International Conference on Prevention, Assessment, Rehabilitation and Development of Brownfield Sites, 2006.7.19-21, Tallinn, Estonia
38. Akito Murayama, Noriaki Hayakawa, Junichiro Okata: Toward Comparative Study on Spatial Planning Issues and Approaches in Diverse Megacities, 2006 World Planning School Congress, 2006.7.11-16, Mexico City, Mexico
39. Akito Murayama: Downtown Regeneration Efforts in Fukaya City and Challenges for Sustainable Governance: 1st Symposium on Sustainable Urban Regeneration: Japan & Phoenix, 2005.5.26, School of Planning, Arizona State University, Tempe, Arizona, U.S.A.
40. Akito Murayama: Issues of Sustainable Urban Regeneration in Tokyo: Transport, Housing and Urban Planning/Development: 1st Symposium on Sustainable Urban Regeneration: Japan & Phoenix, 2005.5.26, School of Planning, Arizona State University, Tempe, Arizona, U.S.A.
41. Akito Murayama: Governance for Sustainable Urban Regeneration: Cases of Participatory Urban Planning and Machizukuri in Fukaya City, Saitama Prefecture, Japan, Conference Proceedings of the International Federation for Housing and Planning (IFHP) Spring Conference 2005: The Intentional City, 2005.5.22-25, Portland, Oregon, U.S.A., pp.7-17
42. Rikutarō Manabe, Akito Murayama, Hideki Koizumi, Junichiro Okata: Application of ICT Tools to Plan-Making Process in Local Government: Using e-Community Karte in Mitaka City, Computers in Urban Planning and Urban Management (CUPUM) 05, 2005.6.29-7.1, London, U.K.
43. Akito Murayama: Governance for Sustainable Urban Regeneration: Cases of Participatory Urban Planning and Machizukuri in Japan, Proceedings of the Workshop: Problems & Prospects for Urban Regeneration: Comparison of Regional Cities in Indonesia and in Japan, 2005.3.4, Magister Perencanaan Kota dan Daerah / Pusat Studi Perencanaan Pembangunan Regional, Gadjah Mada University and Center for Sustainable Urban Regeneration, The University of Tokyo, pp. 11-30-55
44. Akito Murayama: Viaduct Removal, Waterfront Restoration and Urban Center Regeneration: Framework for International Comparative Case Study, International Workshop on Sustainable Urban Regeneration: Korea, Japan and China, 2004.12.1, Environmental Planning Institute, Seoul National University and Seoul Development Institute

IV International Project Experiences

International Research

1. Implementing the United Nations' New Urban Agenda - Universities in Action (Compagnia di San Paolo within the Politecnico di Torino Joint Projects for the Internationalization of Research 2017: September 20, 2017 - September 19, 2018) [Claudia Cassatella, Akito Murayama, Marco Santangelo, Giancarlo Cotella, Akiko Iida, Takahiro Yamazaki, Kaoru Matsuo, Fumihiko Seta]
2. Homes-uP - Single-Family Homes under Pressure? [Clemens Deilmann et al.] - Akito Murayama as International Cooperation Partner and Scientific Committee Member, 2015-2017

International Studios

1. Collaborator, 2018 Tokyo (Kyojima) Smart City Studio On-Site Workshop (directed by Associate Professor Perry Yang, School of City and Regional Planning and School of Architecture, College of Design, Georgia Institute of Technology), March 18-24, 2018, Sumida Ward, Tokyo, Japan
3. Collaborator, 2017 Misono Smart City Studio On-Site Workshop (directed by Associate Professor Perry Yang, School of City and Regional Planning and School of Architecture, College of Design, Georgia Institute of Technology), March 19-25, 2017, Saitama City, Japan
4. Organizer, Guest Lecturer, Supervisor and Review, International Alliance for Sustainable Urbanization and Regeneration Student Workshop 2016 "Redefining the Historical City Axis of Pangung Kpapak and Gading Gate" organized by the University of Tokyo, Toyo University and Universitas Gadjah Mada, August 8-12, 2016, Yogyakarta, Indonesia
5. Organizer, GSES-NU/ENSA-PVS/Tianjin-U Joint Architectural and Urban Design Workshop 2014 Spring "Station Area Redevelopment for Urban Revitalization and Disaster Mitigation", Japan, April 14-18, 2014, Nagoya City
6. Collaborator, ENSA-PVS/GSES-NU Joint Architectural and Urban Design Workshop 2013 Autumn "Imagining a City without Highway", September 13, Paris, France
7. Organizer, GSES-NU/ENSA-PVS/Tianjin-U Joint Architectural and Urban Design Workshop 2014 Spring "Station Area Redevelopment for Urban Revitalization and Disaster Mitigation", April 29- May 3, 2013, Nagoya City, Japan
8. Organizer, GSES-NU/ENSA-PVS/Tel Aviv U Joint Architectural and Urban Design Workshop 2012 Spring "District-Scale Planning and Design for Urban Connectivity and Disaster Mitigation", April 16-20, 2012, Nagoya City, Japan
9. Collaborator, ENSA-PVS/GSES-NU/Kansas U Joint Architectural and Urban Design Workshop 2011 Autumn "Proposal for Bercy-Poniatowski District", September 2011, Paris, France
10. Organizer, GSES-NU/ENSA-PVS Joint Architectural and Urban Design Workshop 2010 Spring "Urban Design Plan for Nagoya Station Area", Japan, April 12-16, 2010, Nagoya City
11. Collaborator, Japon Workshop ENSA-PVS/GSES-NU 2009-2012 "Prospective Métropolitaine", September 2009, Paris, France
12. Organizer, GSES-NU/ENSA-PVS Joint Architectural and Urban Design Workshop 2009 Spring "Regeneration of Mixed-Use Urban Area around Chayagasaka Subway Station", Japan, April 13-17, 2009, Nagoya City

International Symposiums and Seminars

1. Organizing Committee Member, The Second International Conference of International Alliance for Sustainable Urbanization and Regeneration (IASUR) "Green Building and Smart City", March 29-31, Xi'an University of Architecture and Technology, Xi'an, China
2. Science Committee Member, Sustainable Built Environment Conference 2019 "Built Environment in an Era of Climate Change. How can cities and buildings adapt?", August 6-7, The University of Tokyo Komaba Campus 1 - KOMCEE

3. Organizer, Workshop on Practice and Research in Urban Sustainability Assessment, August 17-18, 2016, Lecture Room 141, Faculty of Engineering Building 14, Hongo Campus, The University of Tokyo. Co-hosted by International Association for Impact Assessment Japan Branch, Global Carbon Project Tsukuba International Office, and Japan Society of Urban and Regional Planners
4. Organizing Committee Member, The First International Conference of International Alliance for Sustainable Urbanization and Regeneration (IASUR) "Sustainable Society as Our Challenge", October 24-27, 2014, Kashiwa-no-ha Gate Square, Kashiwa City, Chiba, Japan
5. Organizer, Nagoya University Global Center of Excellence Program "From Earth System Science to Basic and Clinical Environmental Studies" / DFG (German Research Foundation) Japan-Germany Symposium "Sustainable Regional Planning for Shrinking Regions and Cities: Exchange of German and Japanese Studies", October 3, 2013, ES Hall, Nagoya University, Nagoya City, Japan, October 3, 2013
